

**Berkshire Volleyball Association
Guide to Registration
2026 – 2027**

Player Registration Requirements

- Every player playing in the BVA league must be registered on VZ
- Each player may only play for one club in each competition. A competition for example is BVA mens (both divisions), BVA Ladies (both divisions), and BVA Mixed (both divisions).

Initial registration with your club for the new season

Sportlomo has introduced a feature called packages where you can register for more than one membership type simultaneously. **For 95% of participants in the BVA, you will need only Adult Player (local) and Referee (local).** If you play for more than one club, you will need to register for each one separately.

If you have already registered and need to add an additional membership, [please see this section](#). For example, you registered as an Adult Player (local) earlier but now you also need to register as a Referee (local) or NVL player.

We have customised the packages and memberships for each club. If you can't find the membership you need, unsure which ones you need, or have any questions, please reach out to us on [Contact – Berkshire Volleyball Association](#).

1. Click your [direct club link from the table below](#)
2. Select the adult or junior package as appropriate. Parents can register themselves and children at the same time so please select both adult and junior packages.

Why has the registration process changed from last year?

Sportlomo introduced some new functionality and the BVA competitions team wanted to make the registration process simple and intuitive. One piece of feedback we had last year was confusion around membership types and having to register more than once within the same club. For example, last you had to first register as an Adult player (local), followed by Referee (local), whereas this year you can do both of these simultaneously.
